Severe Pains in Side

"I HAD had quite a bad spell and sickness," writes Mrs. Emma Patrick, of Caney, Ky., "and it was an effort for me to go about my home. I had a very severe pain in my left side that almost took my breath at times. I lost my appetite. I grew thin, pale and lifeless. I fell off till I only weighed about 115 pounds.

"Cardui was recommended to me and by the time I had taken one bottle I saw it was what I needed. I ate more and rested better. I kept taking it and my skin and flesh took on a more healthy color. I felt stronger and, as the nervousness left me, the pain in my side was less severe. After taking nine bottles, I eat anything, go anywhere and feel fine. I weigh 160 pounds and am well. I feel that I owe it all to having used Cardui."

Pain, in certain parts of the body, is a sure indication of female complications. The treatment that is needed is not the use of narcotic drugs, but—

* * *

Harrisonburg.—If Harrisonburg firemen are to continue to respond to alarms in the rural districts, the county authorities will have to provide the proper apparatus, members of Hose Company No. 4 decided. Since the Shenandoah National Park, for which Front Royal is the Northern gateway, is almost assured, and macadamized highways are becoming more numerous in this section of the State, a real demand has been created for a new hotel. A number of Front Royal business men have taken the matter in hand and are now selling stock in a proposed hotel company, which either will lease over and rebuild one of the existing hotels or will build an entirely new structure.

* * *

Danville.—James H. Wilson, prominent tobacco warehouseman, has been discharged from custody in the Corporation Court on a charge of violating the Virginia marketing law. Fined $50 in the Police Court for denying entrance to his warehouse of "pool" inspectors, he appealed. When the case was called it was found that the warrants produced were not identical with those used at the previous trial, but when this difficulty had been overcome the court instructed the jury to bring in a "not guilty" verdict. Local "pool" attorneys indicated that the prosecution would be instituted anew against the corporation.

Fort Eustis.—Although the Citizens' Military Training Camp to be held at Fort Eustis this year will not open until July, applications for admittance to the camp are already being received at the headquarters of the Third Corps Area at Baltimore, and it is believed that the quota of 1,200 allotted to this post, will be greatly oversubscribed by that date. Were real estate assessed as high as it is in many other cities of State, the Winchester's leadership in per capita wealth would be still greater. The department's survey was based upon the assessed valuation of all property subject to general property taxes, including stocks, bonds and intangibles as well as real estate. The per capita wealth of the United States as a whole was given as $1,146, while that of Winchester was given as $1,122.32. Bankers here commented upon this showing as indicating the financial soundness of underlying local conditions. Property here has been assessed only at about one-third its market value for a number of years.

OUR LORD'S RESURRECTION

LESSON TEXT—John 20:1-29.
GOLDEN TEXT—"The Lord is risen indeed."—Luke 24:34.
PRIMARY TOPIC—Jesus Rises From the Dead.
JUNIOR TOPIC—Jesus Rises From the Dead.
INTERMEDIATE AND SENIOR TOPIC—Christ's Victory Over Death.
YOUNG PEOPLE AND ADULT TOPIC—Proofs of the Resurrection of Jesus.

The resurrection of Christ is one of the foundation truths of Christianity. Its entire superstructure stands or falls upon its reality. It is the grand proof that Christ was what He claimed to be, the Messiah, the Son of God (Matt. 12:39-40; John 2:19-21). His resurrection authenticated His claims. If Jesus did not rise from Joseph's tomb, He was not the Son of God, nor a true prophet (He said frequently while alive that He would arise), neither a Savior, not even a good man, for He would then be a falsifier. However, if He did arise, all that He said concerning Himself is true. His resurrection declared Him to be the Son of God with power (Rom. 1:4).

I. The Empty Tomb (vv. 1-10).

John does not enter into a description of the resurrection of Christ, but says the tomb was empty, and that Jesus had repeatedly manifested Himself after the tomb was found empty. To see the body of Christ with a spear thrust and nail prints, and then the empty tomb was all that faith needed.

1. The Testimony of Mary Magdalene (vv. 1-2).

This woman out of whom Jesus had cast seven demons (Mark 16:9; Luke 8:2), announced the fact of the empty tomb to Peter and John. Prompted by great love to Him for His kindness to her, she went early to the tomb even "when it was yet dark." She was last at the cross, and first at the grave. She stayed longest there and was soonest here." This woman's love for the Master was genuine though her knowledge as to His resurrection was defective. She had realized great good at His hand, therefore she could not rest until she had done her utmost for Him.

2. Personal Investigation by Peter and John (vv. 3, 10).

The news of the empty tomb which Mary brought with breathless haste so moved John and Peter that both ran to investigate. When John came to the empty tomb he gazed into it, but Peter entered it. This investigation convinced them. The removal of the stone from the sepulcher and the arrangement of the grave clothes convinced them that the enemy could not have done this.

II. The Manifestation of the Risen Lord (vv. 11-29).

1. To Mary Magdalene (vv. 11-18).

(1) Mary Weeping at the Empty Tomb (v. 11). Peter and John went home, but Mary could not. She stood weeping. Home was nothing to her while her Lord was missing. Earnest love need not weep long for Jesus is found of those who love Him. She should have been rejoicing that the grave was empty, for the empty tomb is eloquent proof of His messiahship and deity. Had His body been there she would have had real cause for weeping.

(2) Mary Questioned by the Angels (vv. 12-13). She viewed through her tears angels at the tomb who inquired as to the cause of her sorrow. She replied, "Because they have taken away my Lord and I know not where they have laid Him."

(3) Jesus Reveals Himself to Mary (vv. 14-18). She first saw the angels and then her eyes lighted upon the Lord. As soon as He called her by name she recognized Him and fell at His feet weeping.

(4) Jesus Forbade Her to Touch Him (v. 17). This showed that she was coming into a new relationship to Him; besides there was not time for such familiarity while the disciples were in darkness. "Go tell my brethren," was the message she must carry.

2. To the Disciples (vv. 19-29).

(1) When Thomas Was Absent (vv. 19-25).

a. His message of peace (v. 19).

b. He showed His hands and His side (v. 20).

c. He commissioned them (v. 21).

d. He defended the power that was bestowed upon them (v. 23).

(2) When Thomas Was Present (vv. 26-29).

a. Victory of sight and touch (vv. 24-28).

b. Greater blessings for those who believe, not having seen (v. 29).

VERA

Fires are seen from every point of the compass; several in this section came near getting beyond control. It is a dangerous thing to burn brush near the woods in windy weather such as we have been having the past week.

The cold weather the past week has been quite hard on the fruit, especially plums, peaches and pears which are putting forth their blossoms. We hope there are enough still "in the bud", to make a fair crop.

The weather has been ideal for preparing the land for crops, and most of our farmers are taking advantage of the same.

Mrs. C. J. App of Lynchburg, visited relatives here last week.

T. K. Menefee of Lynchburg, visited his mother, Mrs. Jerome Menefee, Wednesday.

Mrs. Dabney Anderson who went to Roanoke last week to visit relatives, was taken ill and returned home. We hope soon to hear of her entire recovery.

Miss Phillis Brown of Danville, is visiting her relatives, Mr. and Mrs. Judson S. Kinney—she was accompanied by her little niece Laura Moss Kinney, who spent the winter in Danville.

Mrs. Cordelia Anderson, who has been in bad health all the winter, we are glad to learn, is somewhat improved, at this writing.

Arnold Childers who is working in Lynchburg, spent the week-end with his parents, Mr. and Mrs. W. T. Childers.

Lawrence Hatcher is sporting a brand new Ford.

Miss Ida Jones was quite sick several days last week, but is reported better at this writing.

Mrs. Edgar LeFew, formerly of this place, but now of Lynchburg, is reported quite sick with tonsilitis.

Mr. and Mrs. S. T. Meggingson carried their little daughter Nancy, who was reported so ill two weeks ago, to Lynchburg to be operated on for mastoiditis, returned with her the following day, as the Dr. pronounced her too weak to stand the operation. They will take her again later.

The date of the play "The Path Across the Hill" will be given at Oakville on the 25th instead of the 21st as was stated in my last week items.

By ordinary mortals, smoke is considered a nuisance; but hear how Henry Ford, the world's greatest automobile manufacturer utilizes the volume of smoke made at his plant at River Range Michigan. "Popular Science" tells it thus:—"I am exaggerating only slightly, when I say that from the towering chimneys of every unit in the Ford scheme, there issues no smoke. Ten thousand tons of coal are burned here every 24 hours, yet there is no smoke; why? Because certain constituents of the coal, which ordinarily are wasted in industrial furnaces, and pour forth from the chimneys as smoke here, are transformed into a variety of useful products to be used at the plants or sold outside. There are for instance 55,000 of ammonia sulphate, a valuable fertilizer, produced here daily; 17,000 gallons of benzol, an efficient motor fuel; 22,000 gallons of tar, useful in road construction or other purposes; 12,000,000 cubic feet of gas, 2,000,000 cubic feet of which are sold to the city of Detroit; light oil also—all products derived from what is usually the waste of coal; and without harming the efficiency of the coal as fuel, for there remains carbon in the form of coke to be used in the blast furnaces and sold to employees that their domestic fuel bills may be reduced etc., but this is enough to open one's eyes to the wonderful development of nature's products. Henry Ford is a wonderful man, but the glory of man will be nothing as compared to the "Glory that shall be revealed" in the great day just dawning when "He whose right it is" shall have taken up His glorious reign; when "All things become new". "Be still, and know that I am God"; "I will be exalted in the earth" Psalms 46-10.

FOREST VIEW

The weather is quite breezy this morning. The fruit trees are in bloom and it is feared all the fruit will be killed.

Some gardening has been done. There has been quite a lot of sickness around.

We are glad T. J. Nash is out again, but sorry Mrs. Loyd Nash has been so ill, she is reported as being better.

T. H. Ford has been suffering the past several days with a rising throat, it was lanced Saturday and isgetting along nicely.

Mrs. T. H. Ford is not felling so well.

The family of Edgar Hendrick is on the sick list. The neighbors met last week and stripped out his tobacco for him.

Mrs. Ryland Martin took her father J. W. Davis, to Lynchburg yesterday to be examined by physicians and if necessary she will take him to Baltimore for an operation. He has been complaining sometime.

Among those whom the stork visited recently are: Mr. and Mrs. Jno. Marshall—a boy, Mr. and Mrs. Otey Jones—a boy, Mr. and Mrs. Jesse Jones—a girl.

Mr. and Mrs. R. W. Martin accompanied by Mr. and Mrs. J. A. Martin visited their sick daughter Annie, at Hotel Appomattox last Sunday p. m., she is getting along nicely.

Mr. and Mrs. Elliott Marshall and Mr. and Mrs. Watt Harvey were recent visitors at the home of T. H. Ford.

The farmers have done right much plowing, and some have tobacco plants up.

Our road to Appomattox has been scraped and is in nice shape. We wish the scraper had turned to the right below Nash's store and scraped the road to Falling Bridge. Gee! how nice it would have been.

ROCKS NEWS

It is with pleasure that we announce the Billy Sunday meeting at Rocks church the fifth Sunday which will be conducted by Captain Trent and his club of Lynchburg. We would be very glad if the clubs from Pamplin and Evergreen would be present. Everybody come.

Miss Sarah Watts of Lynchburg, is visiting relatives and friends of this community.

"Mumps" is still in the neighborhood.

Rev. E. F. Burnett preached an excellent sermon at Rocks Sunday, his text being "The Christian's Bank Account".

Misses Alice, Lizzie, Pearl and Annie Ranson entertained a large crowd of the young people of the neighborhood at the home of John Ranson Saturday night. Games were played and everyone had a nice time.

The Co-ops of Rocks and Harmony school met Tuesday night. Messrs. Morton, Byrne, Irby and Mrs. Dabney Inge gave talks. Mrs. Holmesy Inge got up the program which was fine.

Mrs. U. J. Almond, who has been suffering with paralysis is still improving we are glad to say.

Mr. and Mrs. Ernest Lowe, Mr. and Mrs. Bobbie Roche were week-end guests of Mr. and Mrs. Dabney Inge and Mr. and Mrs. Ed Roche.

Mrs. O. C. Paulett is out again after being seriously ill for quite a while.
